

## Technical Data Sheet

### M SOLUMAX 15-5-30

|               |                              |
|---------------|------------------------------|
| Generic name: | Water Soluble NPK formula    |
| IUPAC name:   | Nitrogen-phosphate-potassium |
| CAS:          | 66455-26-3                   |
| Form:         | White crystalline powder     |
| Origin:       | China                        |
| Additional:   |                              |

| Item   | Standard spec |
|--|---------------|
| Water soluble Nitrogen (N)                               | 15% min       |
| Water soluble Phosphate (P <sub>2</sub> O <sub>5</sub> ) | 5% min        |
| Water soluble Potassium (K <sub>2</sub> O)               | 30% min       |
| Arsenic (As)   | 10 ppm        |
| Cadmium (Cd)   | 3 ppm         |
| Lead (Pb)  | 15 ppm        |
| Chromium (Cr)  | 50 ppm        |
| Mercury (Hg)   | 0.25 ppm      |
| Moisture content   | 1.0% max      |
| Solubility   | 100%          |
| Appearance   | White Powder  |
